

# EMEP Consultancy Services Pvt. Ltd.

Mechanical, Electrical & Plumbing Services Consultants

# ABOUT EMEP

EMEP Consultancy Services Pvt. Ltd. is an Engineering Consultancy Company.

We at EMEP consultancy services are focused towards our customers to provide them the best design solution of all building services i.e. **Mechanical, Electrical & Plumbing** services within the discussed time frame and budget. We are here to fill the GAP between the client's demand and contractor's supply, resulting in best possible services to the end users.

We offer services for various project types like **Residential, Commercial, Industrial, Hospitality, Healthcare, Retail** projects, etc. We are associated with both Public and Private sector clients and supports them at every stage of the project right from the initial stage to final handover and beyond.

---

# COMPANY OVERVIEW

EMEP Consultancy Services Pvt. Ltd. is headed by Mr. Ramesh Chand (AMIE, MIE), Certified Energy Manager, retired Executive Engineer (Electrical) from CPWD having a strong technical background and more than 40+ years of working experience in the same field.

The company undertakes Designing, Estimation, Preparation of draft and working drawings, Execution of Electrical and Mechanical services and follow/adopt all the latest building codes, Bureau of Energy Efficiency & GRIHA. Our approach is to provide best sustainable solutions to our clients, by keeping a perfect balance between Project Cost and System Efficiency.

We believe that each and every project is unique and has its own essence which is to be delivered in that way only. We gather all the information from the client and as per that we prepare a customized design considering all building the guidelines/codes, which gives the best output and is more cost efficient.

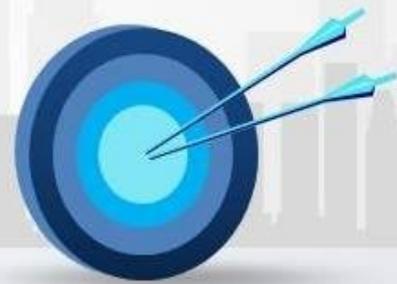

---
